OVARIAN CANCER AWARENESS MONTH

Troon is partnering with Teal Wings of Hope to honor Ovarian Cancer Awareness Month. Founded in 2024 by Bob Barrett and his family, Teal Wings of Hope was created in memory of Barbara "Babs" Barrett, who courageously battled ovarian cancer. During her fight, Babs was determined to advance early detection methods to help save others. Her vision lives on through the foundation and their pillars of impact: Awareness, Early Detection Research, Treatment Innovation and Patient Care.

**DONATIONS CAN BE

LET'S LEARN SOMETHING!

THE IMPORTANCE OF CART PATH ONLY:

The soil beneath our turf is a mix of nutrients, water, and air.

After rain, the soil fills with water and pushes out the air pockets that roots need to grow. Driving carts across wet turf compacts the soil, making it harder for roots to develop and weakening the grass. That's why we require Cart Path Only until the soil has time to dry out, this protects the turf and keeps it healthy for everyone to enjoy!
